2 1/4" Frost BestBuilt Binders.

BestBuilt™ – The New Standard for Active Binder Filing

Design durability and a patented 3 position elliptical ring mechanism makes BestBuilt the binder choice for active document filing systems.

BestBuilt's patented 3-position ring mechanism

closed Rings completely overlap and will never accidentally open.
browse Partially opens the rings so you can easily flip through pages.
open Wide 2 1/4" opening between rings for easy loading.

Standard Binders. The standard binders are 11 1/2" h x 2 1/4" w x 11 1/2" d and hold over 375 sheets of letter size paper.

Slimline Binders. The slimline binders have all the same features as our regular binders. Binders are 11 1/2" h x 1 1/2" w x 11 1/2" d and hold up to 200 sheets of paper. These binders are perfect for smaller reports or projects.

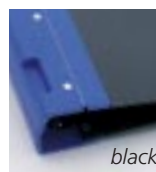

1 1/2" Black BestBuilt Binders.

KB631 1/2" Black Binder w/Opaque Spine
<i>Please specify color of spine when ordering: black, blue, red, yellow or green.</i>	

Why BestBuilt is the World's Best Binder Filing Solution!

1. 3-Position binder rings

Open: Wide opening for loading.
Browse: Partially opens rings.
Closed: Rings completely overlap.

2. Easier to load papers

Open position: Ring tips are smooth and tapered so sheets insert easily and won't catch.

3. Easier page turning

Browse position: partially widens the rings making it easier to flip through pages.

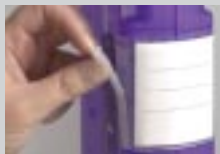

4. Rings will never gap

Closed position: Rings completely overlap with no separation.

5. No split or torn spines

One-piece injection-molded spines and covers will never split, tear, crack or fray.

6. Easy-to-load spine labels

Changing your index labels is fast and easy, and they stay neat in the protective polypropylene sleeve.

7. One-touch ring release

Fingertouch Spring Lock is easier to open than ordinary binders.

8. Index tabs don't stick out

The extra-wide, 1 1/4" covers keep your index tabs completely inside the binder.

9. Effortless accessibility

Ergonomically contoured spines have finger grips making it easy to retrieve binders.

10. Lifetime Guarantee!

We're so confident in the performance of our BestBuilt Binders that if for any reason there is a defect in the material or function of your binders, we will replace them free of charge.

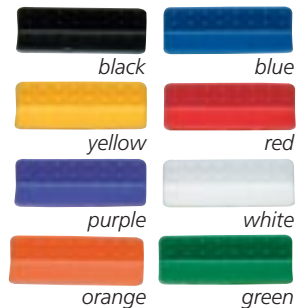

Code binders by project, accounts or workgroups. Find items easier with ExecuTabs.

Frost

Black

Color-code with ExecuTabs and Labels

Color-code Frost with Ice Spine, or Black with Black Spine BestBuilt Binders easily with ExecuTabs. These brightly colored tabs simply snap into the "finger grips" of the binder's spine giving you an easy means of organizing your binders. Sold in sets of four tabs in eight colors: black, yellow, purple, orange, blue, red, white, or green, or assorted colors: one set of each color. Color-coded Labels offer you an alternative way to index when using any one color of binder. Sold in packs of 50.

Model	Description
KBTAB	ExecuTabs (set of four)*
Please specify tab color when ordering: black, yellow, purple, orange, blue, red, white or green.	
KBTAB8	ExecuTabs (assorted one set of each color)

Model	Description
KE105	Color-coded Labels for 2-1/4" Binders
KE110	Color-coded Labels for 1-1/2" Binders

Labels provide instant identification of binders while on shelves.

Customize binders with your logo.

For a modest charge we can imprint the cover and the spine with your company or client's name and logo. Select a binder color (minimum 100 binders) and send us your camera-ready artwork. Printing is available in 1 or 2 colors using several printing methods. Maximum print area is 6½ square inches.

In addition, 4-color offset printing is available on special laminated front and back covers with images up to 9 x 12 inches (minimum order is 500 units). Please call for additional information on printing methods, artwork, pricing and delivery.

Custom screen print logos on your Binders for added impact. Create stunning Binders for product launches, trade show booths, employee orientation kits and much more. Artwork can be printed on either frost or black covers.

Access™ BestBuilt Presentation Binder

The Access BestBuilt Presentation Binder has a see-through pocket on the front, allowing you to slip in your own printed sheet. Inside the cover are pockets to hold business cards and extra sheets of information.

Add our innovative Insertable for easy insertion of your cover sheets.

Choose black spine with black covers, white spine with white covers, frost blue spine with translucent frost covers or frost grey spine with translucent frost covers. BestBuilt Binders come in two sizes. The 2¼" binders hold over 375 sheets of letter size paper and the 1½" binders hold up to 200 sheets.

Item	Model No.
2¼" white spine with white covers; black spine with black covers	.KW53PR
2¼" frost: blue or gray spine with translucent covers	.KW53PF
1½" white spine with white covers; black spine with black covers	.KW63PR
1½" frost: blue or gray spine with translucent covers	.KW63PF
Insertable	.KBINS

Front and inside pockets let you customize your binder for specific presentations or customers.
