

# Access™ Cabinet Storage System

Modular, Flexible, Stackable  
High-Capacity Storage.

from 

# Modular Components and Different Shapes Allow Planning Creativity.

Access™ Cabinets provide high-capacity and flexible storage for binders, documents, books, literature, forms, e-media, files and office supplies. The modular HIPAA compliant cabinets can be set-up individually, or combined to form countertops or room dividers. Precision-crafted in Germany, the high-quality anodized aluminum frame members, sturdy laminated MDF side panels and polypropylene tambour doors offer lasting beauty and durability. The lockable tambour doors glide easily and retract quietly into the cabinet walls saving valuable floor space. Easy assembly required with all tools provided.

## Carousel Cabinets

Available in wall and corner units, each independently rotating tier in the Carousel Cabinets provides the benefits of 6½' of binder storage. Optional accessories can hold books, charts, soft-bound documents and e-media.

*Each tier rotates independently from each other.*

## Shelf Cabinets

Shelf Cabinets can be used as counters, credenzas or as linking elements when creating banks of cabinets. The shelf cabinets will store Magazine Files, end-tab files, Binders, TierDrop and DocuMate organizers.

*Double-Sided Cabinet is ideal for dividing office space.*

Combine units to separate office space or to create a compact, efficient storage system. Two tier cabinets are the perfect height to create counters or credenzas.

Corner units create storage space in unused corner areas in an office.

## Corner Cabinets

Available in two sizes, these units convert corner areas into usable storage space.

Quality design and construction make the Access Cabinet System beautiful, versatile and extremely functional.

# Access™ Cabinets are available as a filing and storage component system.

When configured with drawer and hanging file rails, you can store an entire office worth of information in just a few cabinets.

Hanging file rails are adjustable and allow you to place files front to back or from side to side for maximum capacity.

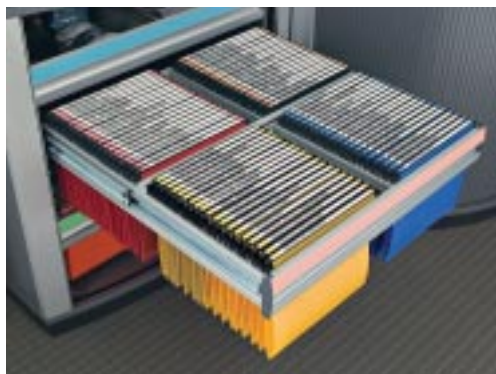

Standard Drawer units are 27" w x 13" d and are great for storing media or office supplies. High Capacity Drawers are 27" w x 27" d. Drawers extend fully so you can reach items in the back and have an anti-tilt mechanism that will allow only one drawer to open at a time.

Store media, binders, files and more in one set of cabinets by adding drawers and/or hanging file rails.

Media Boxes organize CDs and other media on shelves, in a drawer or hanging file frame.

Large hanging file stores over 50" of hanging files. Standard unit holds around 25" of files.

Divider Drawers have adjustable dividers to organize contents and are great for media and office supplies.
