# FlipBoard Easel™

**A height adjustable, portable flipchart and whiteboard all-in-one...versatile enough for any presentation.**

This innovative presentation easel has a multitude of features. It's a flipchart holder and a magnetic dry-erase board with a porcelain-coated steel finish. The four-legged aluminum frame makes this easel extremely sturdy. Two small casters on the front legs allow the unit to be easily moved. A 26½" wide aluminum tray holds markers, magnets, and eraser.

The multi-functional aluminum flipchart clamp pivots to expose two adjustable flipchart holders. It is spring-loaded to keep your flipchart in place, and allows you to tear off sheets cleanly as you are finished presenting them. To keep the flipchart intact, simply turn the sheets over the top of the unit.

Weighing only 25 lbs., the FlipBoard Easel folds in seconds for easy set-up, take-down, and transport by a single person. It can easily be adjusted anywhere between 48" to 76" high with two side levers. The highest setting is great for stand-up presentations, while the lower setting is perfect for handicapped persons, children, or tabletop use. Comes fully assembled and is UPS shippable. Measures 28"w x 48"h (lowest setting) to 76"h (highest setting) x 24"d. Board surface measures 28"w x 40"h.

Item	Model No.
FlipBoard Easel . . . . .	H63770
14" x 22" Flipchart Pads (5-20 pages) . . . . .	H3192874
20" x 25½" Flipchart Pad (50 pages) . . . . .	US403874
27" x 34" Flipchart Pad (50 pages) . . . . .	US402874

*The extending hanger can be pulled out to the left or right side of the easel to hold completed presentation sheets.*

*A full-length marker tray holds all your presentation supplies.*

*Casters on the two front legs make mobility even easier.*

*The spring-loaded flipchart clamp holds the pad flat against the board.*

*Simply lift the clamp to expose the flipchart holders.*

*The spring-loaded clamp's sharp edge helps to neatly tear off pages.*

## Adjustable to fit any presenter!

*The FlipBoard Easel can be used fully extended to a height of 76".*

*You can also adjust the easel to a low height setting or anywhere in between, perfect for tabletops or for seated presentations.*
