

# Access™ End Tab Storage

Space Saving Solutions that  
make files easier to retrieve.

from mpsg

## An innovative way to file end tab folders.

End Tab Carousels use a fraction of the space that standard shelving uses and eliminate the time wasted walking back and forth searching for your files. The space-saving design utilizes unused corner office areas and turns them into a high-capacity filing system. The modular design allows you to mix and match with other Access™ cabinets to create your ideal storage system.
