# Access™ Flex Executive Organizer

View documents in portrait or landscape positions.

The Flex Executive Organizer provides six viewing angles to provide the optimum position to access your frequently referenced materials. Black display pockets provide room for up to 40 letter size documents and feature easy-load sheet protectors, steel reinforced pivots and snap-on index tabs. A compact, weighted base has a scratch-resistant bottom that protects your desktop and a curved stainless steel rod supports the pages and makes the organizer easy to relocate if needed.

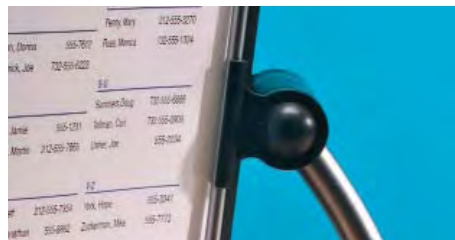

If desk space is limited, select the Wall-mount version. Both are available in 10-pocket and 20-pocket models.

Light assembly is required.

Item	Model No.
Flex Executive 10-Pocket Desk Organizer	HN3410
Flex Executive 20-Pocket Desk Organizer	HN3420
Flex Executive 10-Pocket Wall Organizer	HN3610
Flex Executive 20-Pocket Wall Organizer	HN3620

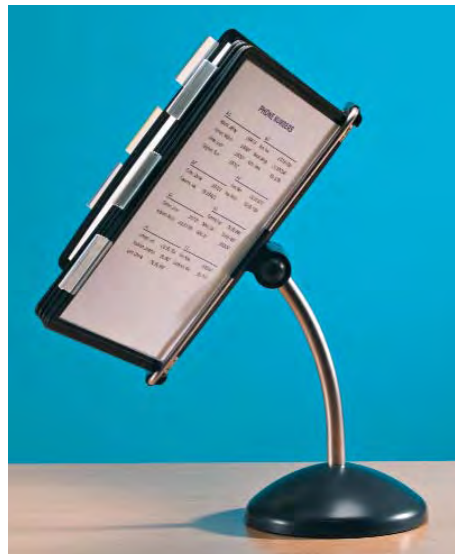

The compact design of the Flex Organizer takes up very little desk space and allows you fingertip access to portrait and landscape formatted documents.

Ratcheting mechanism lets you adjust the viewing angle without tools or tightening screws.

Wall Organizer can be used when desk space is limited. Available in both a 10-pocket and 20-pocket version. 20-pocket shown.

Flex Executive Organizer adjusts from vertical to horizontal viewing easily without tools.
