

# Axcess™ InfoStand

InfoStand combines four essential tools in one compact design.

from **inpsg**

# InfoStand—the desktop information board that does it all!

The thoughtfully designed convex message board rests on a silver anodized aluminum post allowing it to rotate and lock. One side of the board has a write-on/wipe-off magnetic whiteboard surface; the other has a transparent sheet protector to hold a letter size document.

The weighted base keeps the unit secure and has a space for Post-it® Notes or diskettes. Also, each InfoStand comes complete with a dry erase pen and magnetic pen holder which doubles as an eraser.

## It's a whiteboard...

Using the dry erase pen, jot down phone messages, meeting times, "to do" lists and more.

## It's a reminder board...

Using any magnets (not included), secure business cards, phone messages, reminders, receipts, and tickets to the magnetic surface.

## It's a copy holder...

Need a copy holder? Set InfoStand next to your keyboard and stick any document to the magnetic surface.

## It's an information stand...

The reverse side of InfoStand features a heavy-duty sheet protector. Neatly display a favorite photo or frequently accessed information such as a phone list, menus, or emergency procedures.
