Linx Modular, Mobile Shelving Systems

Shelving that can be designed, changed or reconfigured at any time.

Linx Shelves and Posts

All Linx Shelving is made from 3/4" thick vacuum-formed MDF that will never warp or scratch. Heavy-duty aluminum posts provide 13 3/8" height clearance to accommodate both WoodWorx and SteelWorx stacking components for media, forms and drawer storage that fits perfectly onto your Linx Shelving. Two shapes of Linx are available. Quarter-round and Rectangular can be positioned several different ways to create a variety of storage solutions anywhere in your office. The Linx modular design enables you to change the configurations or add more levels as your office layout or storage requirements change.

Linx Quarter-round Shelving

16 1/4" radius shelving is ideal for storing binders, books, photos or accessories. Position Quarter-rounds in unused corner space or put two side-by-side against the wall. Cluster four Quarter-rounds together to create a high-density binder storage solution with accessibility from all sides. Use on both sides of a rectangular shelving unit to create unlimited linear storage at any height you require.

Linx Rectangular Shelving

16 1/4" deep shelving easily accommodate printer or fax machines. 13 3/8" high clearance between shelves provide easy accessibility to contents. All shelves are 32 1/2" wide with 29 3/4" clearance between posts. 3-Shelf Rectangular units are 32" high and provide added storage and worksurface when positioned next to desks or workstations.

Item	Model No.
3-shelf Quarter-round Bookshelf	16162
4-shelf Quarter-round Bookshelf	16163
5-shelf Quarter-round Bookshelf	16164
6-shelf Quarter-round Bookshelf	16165

4-shelf Rectangular Bookshelf	32163
5-shelf Rectangular Bookshelf	32164
6-shelf Rectangular Bookshelf	32165
1-shelf Rectangular Add-On	32161

Choose color when ordering:

 gray  mahogany

Create an island using four Linx 3-shelf quarter-rounds and two 3-shelf rectangular Linx shelving units. For longer islands, simply add more rectangular units. For working height islands, use 4-shelf units.

3" high industrial casters are included with all Linx models to ensure smooth and easy transport, even on carpeting, and lock to keep shelving in position.

Linx 3-shelf 1/4-round

Linx 3-shelf Rectangular

Two Linx Quarter-rounds create a crescent for maximum storage in a small space.

Put as many Linx Rectangular units in between two Quarter-rounds for infinite linear storage at any height.
