

Access™ Modular Tambour Cabinets

Individual cabinets are the building blocks of every office.

from **npsg**

Stack in any combination, as high and as wide as you like. Build a bookcase, a credenza, or even a wall of cabinets. Add interior components (shown below) for even greater organization.

Modular Tambour Cabinets

Individual cabinets let you build a storage system that fits anywhere and organizes everything. They're the perfect way to keep up with the demands of every growing business

Each cabinet stores up to 33" of binders, books, magazines, files and supplies. The sliding tambour doors keep your office looking neat and organized, without taking up any additional floor space.

When you need more storage space, simply add more cabinets. Stack up to five high and as many wide as you like. Each cabinet weighs only 20 lbs, making them easy to rearrange or move as needed.

Each unit measures 17" h x 35" w x 15½" d. Inside measures 14" h x 33" w x 14¾" d. Black or gray scratch-resistant polystyrene with matching sliding tambour door.

Ships flat, ready to assemble with no tools required. Easy-to-follow instructions are included. Available in black or gray.

Modular Tambour CabinetP490

Modular Tambour Trolleys

Add casters to any stack to make it a mobile trolley. Simply close the sliding tambour doors to keep the contents secure and protected in transit.
