# Modular Planning Boards keep information current.

Keep your department's planning calendar up-to-date month after month with Modular Monthly Planning Boards. As the lead month becomes outdated, remove it, rotate the others forward, and update the "new" month as needed—creating a perpetual calendar. The hanging rails allow each board to be easily lifted, replaced, and neatly aligned. Modular Monthly Boards come in sets of three with add-on boards available. If your company calendar calls for

6-, 9-, or 12-month planning, simply mount multiple sets of Modular Monthly Planning Boards side-by-side.

The smooth, magnetic write-on/wipe-off surface of each board is designed for use with dry-erase marking pens and a variety of magnetic accessories. Each board measures 17 1/4" w x 34 1/4" h x 3/4" d and weighs just 5.8 lbs. Aluminum hanging rails and mounting hardware included.

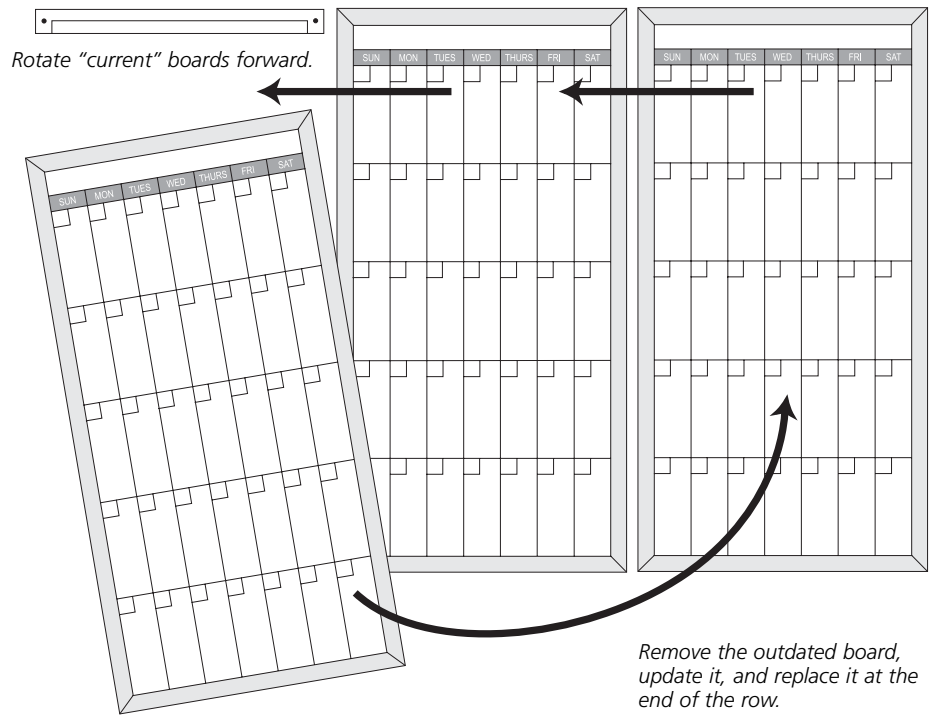

Each "cell" measures 21 1/4" w x 6" h, ample space for detailed dry-erase messages and magnetic accessories.
