Axcess™ Organizers

Keep important
information protected
and within easy reach.
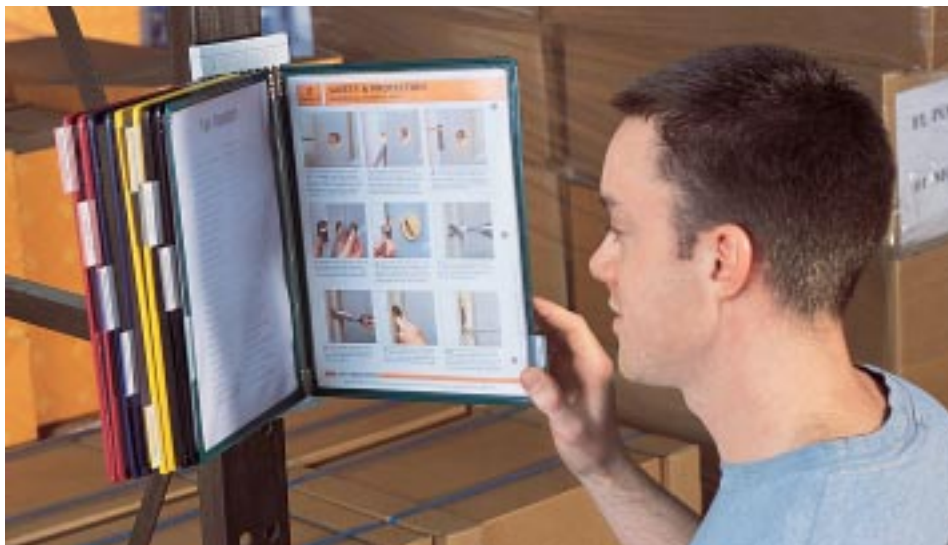

from **npsg**

An essential tool for organization.

Organizers keep frequently referenced information close at hand and protect it from dust and debris. They're perfect for keeping employee lists, work schedules, emergency procedures, safety regulations, operating instructions, shipping charts, and more. Also convenient for housing all the documents required by ISO and OSHA.

Organizers are built to withstand punishment. Transparent pockets are reinforced with steel wire, and vinyl-coated in five assorted colors. Supports are made form durable, injection molded polystyrene. Available in Gray or Black.

All models also feature easy-loading pages that wipe clean with any industrial cleaner. Pages remove quickly for transport or photocopying. Coordinated index tabs included.

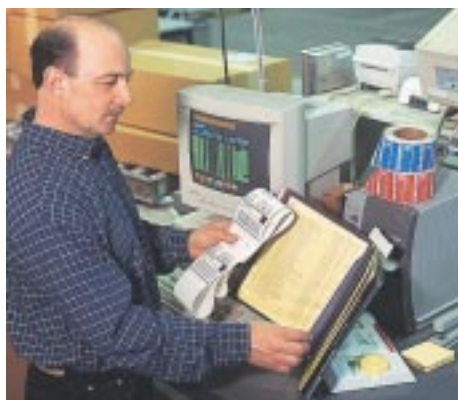

Optional magnetic mounting hardware is perfect for attaching Organizer to any metal racking system.

10-Pocket Wall Organizer

Select a Wall Organizer to mount on or near heavy machinery or wherever a worktop is unavailable. For additional capacity, mount multiple units side-by-side. Hardware for mounting onto a wall or fabric-covered partition is included. Hardware for mounting to a metal surface is also available.
