SKBIN	Optional Drop-in Storage Bin for File Frame
SKSHF34	Optional Adjustable Shelf
SKFFX	Optional Hanging File Frame (upper level install only)

Model SKT4F - SideKick Tower with Hanging File Frame, optional Bulletin Board and Sliding Reference Shelf.

Model SKT42 - SideKick Tower with 2 Adjustable Shelves, optional Slatwall Accessory Panel and 12-Slot Forms Organizer.

Model SKT43 - SideKick Tower with 3 Adjustable Shelves.

SideKick keeps items within easy reach and items slide neatly out of the way when they are not needed. Lockable towers provide an ideal way to work with accounting, personnel and other sensitive documents. Place two SideKicks (one right hand and one left hand) to maximize privacy and storage using minimal amount of floor space.

Two SideKicks (one right and one left) are placed back to back to maximize privacy and storage using a minimal amount of floor space.

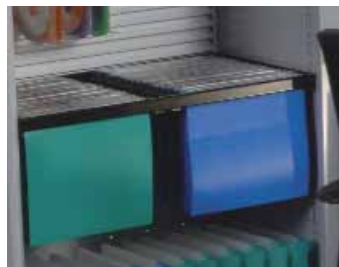

While providing a uniform appearance on the outside, each SideKick can be designed based upon the filing and storage requirements of each individual user. Interiors can be modified at any time.
