A Porcelain Whiteboard that doubles as a Presentation System!

Modern styling and a porcelain enameled, magnetic steel surface with anodized aluminum channel frame make the Whiteboard Plus a superior choice. Flipchart Clips mount on the board frame to hold any size flipchart and turn your board into a presentation system.

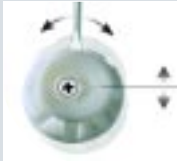

The patented hanging mechanism makes mounting easy and guaranteed to be level. Sturdy corner guards position the board 3/4" away from the wall so that already viewed presentation pages may be tucked behind, keeping your flipchart presentation intact for future meetings. Injection-molded clip-on marker tray can be positioned anywhere along the bottom channel of the frame.

Flipchart pages conveniently tuck behind the board.

Whiteboard Plus has gray corner guards and includes matching gray flipchart clips and marker tray. Available in four sizes. Flipcharts come in a set of five 20-sheet pads and are 14" x 22".

Sturdy, adjustable board rest.

Powerful magnets hold board in place.

Add casters for mobility.

Height adjustable stand for table or floor.

The fully adjustable Uniflip Stand allows you to put your board at any height with five "locking points" for tabletop or floor presentations, and allows set-up of your whiteboard vertically or horizontally.

The stable steel base is made with silver powder-coated oval tubing and has four adjustable feet for base alignment. Two powerful magnets — built into the base frame — hold your whiteboard securely in place. Add the optional easy-positioning, locking, double casters for mobility. Holds boards up to 3' x 6'.

Available Dual Position Flipcharts have pre-drilled corner holes so they can be hung in a landscape or portrait orientation. Dual Position Flipcharts come in a set of five 20-sheet pads with a grid and are 25 1/2" x 38 1/2". Each Whiteboard (sold separately from Uniflip Stand) comes with Flipchart Clips to hold Dual Position Flip-charts.

Flip-chart has holes for either landscape or portrait hanging.
