

Access™ WoodWorx™

Furniture quality, modular wood organizers that turn your desktop into efficiency and organization.

from  npsg

WoodWorx is the Modular, Stackable, Furniture Quality Wood Desktop Organizing System.

WoodWorx Desk Accessories can transform a desktop into an efficient "working system". Each accessory has been designed with the same base dimension. Multiple units can be aligned side-by-side, or stacked one on top of the other to fit to your work area. The base of each piece has been precisely routed and when stacked, interlocks with the top of the Stacking Drawer or Letter Tray. All models are constructed from durable MDF, laminated with a genuine wood veneer, and finished in your choice of three elegant stains: mahogany, medium oak, or cherry.
